Subject: FW: Upper Animas Mining District Site, proposed OU2 Mayflower Tailings

Hi Mike and Paula,

Russ forwarded the email below on Upper Animas site. Looks like the request is to have PRP RI/FS set up in COMPASS for site charging at OU2. I don't have this information set up in SEMS and the goal is to have the information in SEMS matched with the site charging.

Since this site is not yet proposed to the NPL, I'm not sure that's it appropriate to call it PRP RI/FS. In addition we will need to have an order in place before the PRP RI/FS can be use.

I need your assistance with how OU2 should be code in SEMS. We need to have both systems match as much as possible.

Thanks for your help.

See below... do you need to add this to SEMS/CERCLIS?

Paula,

Here is the accounting sting: 2015 T 08L 303DD2 085MBD02

I've already entered it into Liz Fagan's, Ian Bowen's and your account code favorites. If you need any further assistance, please let me know.

Thank you

Judy – some of the team is trying to get their travel arranged today and their admins need the account #s for their travel. I would add it to Liz Fagan's and to Ian Bowen's PPL.
